

RUNDOWN CREATOR: IPAD SCRIPT VIEW

ONE

Open the rundown for the show. Tap the rundown title in the dark blue bar at the top of the rundown.

Tap **Tablet Script Viewer**. It is the second option in the third section of the dropdown menu.

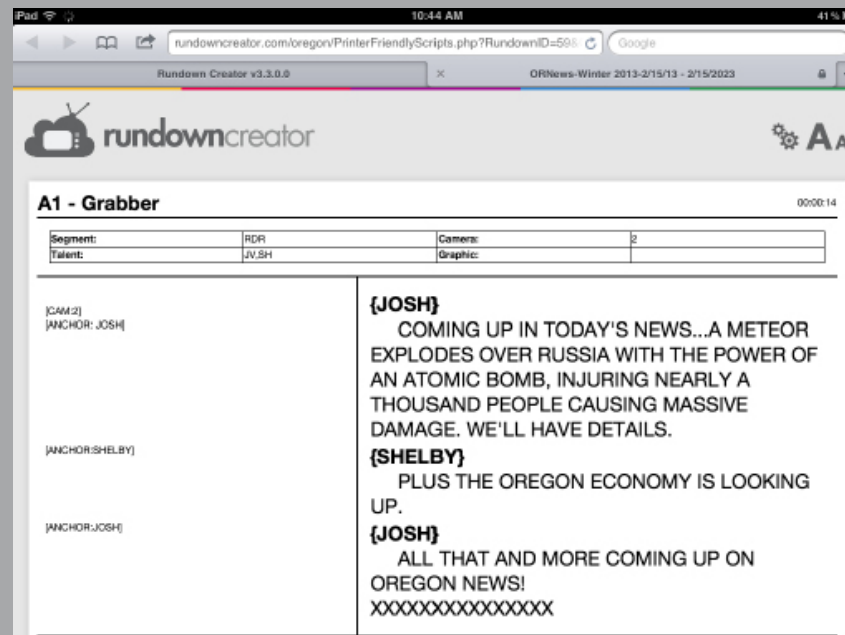

TWO

This will open a new tab in your browser. This tab has the show script in the tablet viewer.

This tab has the show script in the tablet viewer.

The script will update if any changes are made during the show.

THREE

The rundown remains open in the first tab. It will update if any changes are made during the show.
